

# Application Deadline Coming Soon!

## Call To Learn More About USDA Natural Resources Conservation Service (NRCS) Voluntary Conservation Programs

USDA NRCS programs provide funding for **farm and forest land owners and operators** who would like to practice conservation on their land. NRCS provides **financial and technical assistance** for practices such as:

- Seasonal high tunnels
- Forest management plans
- Heavy use areas for livestock
- Pollinator habitat creation
- Forest trails and landings
- Soil health improvements
- Wetlands reserve easements
- And many more!

Call your local Conservation District today to learn more and receive help applying. Already a customer but want to do more? Call your existing planner.

- Northern Rhode Island: 401-934-0840
- Eastern Rhode Island: 401-934-0842
- Southern Rhode Island: 401-500-0422
