SEPTEMBER 14TH - 9:30-3:30

Join the Northern Rhode Island Conservation District and the Young Farmer Network of Southeastern New England for a free, full-day tour of two Providence County organizations where we will learn about building up a community space through growing food and shared experience. We'll be focusing on low-till farming practices and "lessons learned" in their first years of growth.

Free lunch, bus transportation, and childcare will be provided for all participants of the event as we visit Open Farms Retreat and TransFARMative.

Bus registration will be first come first serve, and general registration for the farm tour will be open until Friday, September 13th at 12:00pm!

To learn more and register, click the link in the bio!
